

# LET'S Cake

## Small Group Cake Classes

Grab a few friends and let's have some fun! Our small group classes are ideal for birthday parties, a fun girls night in, or a small team building event. All you need to do is get ready to cake!

In this 3.5 hour private session you and your guests will learn:

- How to fill and stack a cake
- How to apply a crumb coat
- How to achieve sharp edges and a smooth finish with our delicious meringue buttercream
- Choose your design: fresh florals with stenciling, watercolor techniques, or edible images
- Each guest will create their own unique custom cake and receive a goody bag with a few Sweet Stace Cakes gifts
- All materials included!

Let's plan your next event and have a great time caking together! All this fun in one day for only \$205 per guest. Perfect for small groups of 3-6 guests. And yes, we can bring the party to you with the option to have the class in your home or at your event location.
